COVER SHEET

Enclosure 3: Progress Report

SNSB rules for this enclosure

Mandatory Progress Report

If your application proposes continued support to a running project or expanded or more ambitious support to a running project, then it is mandatory to report progress of the running project with the following content.

- Registration number (dnr) of previous research grant
- Summary of scientific results and other achievements
- A brief analysis of how the original goals of the project have been achieved and a discussion of the reasons for divergence with respect to original goals
- List of publications relevant to the running project
- List of the staff involved in the project so far
- Practical applications of the research project, if any (especially for Earth Observation projects)
- Outreach activities

Optional Progress Report

If the above does not apply, then you may still include this enclosure on a voluntary basis in order to demonstrate past achievements of relevance to an assessment of the team's ability to carry out the proposed research programme.

Length of this enclosure

Maximum 5 pages (excluding this cover page).
